

REGIONAL CANCER CENTRE
THIRUVANANTHAPURAM-695 011

PROSPECTUS FOR ADMISSION TO
Gynae-Surgical Oncology Fellowship and
Head & Neck Surgical Oncology Fellowship 2017

The Regional Cancer Centre, Thiruvananthapuram (RCC), now in its 36th year of service to the nation is an autonomous institution sponsored jointly by the Govt. of Kerala and the Govt. of India. It is an internationally acclaimed centre for cancer treatment and research and caters to the population of the state of Kerala and adjoining parts of Tamil Nadu. Handling over two lakhs patients including over 15,000 new cancer cases annually (30 lakhs patient visits in the last 15 years) RCC stands tall in the health map of Kerala carrying out innovative and pioneering work in cancer control, treatment, research and training.

RCC is a comprehensive cancer centre with full-fledged departments of Surgical Oncology, Radiation Oncology, Medical Oncology and Paediatric Oncology supported by allied services such as Pathology, Imageology, Nuclear Medicine, Anaesthesiology, Microbiology, Transfusion Medicine, Laboratory services and Nursing services. The centre also has separate divisions for Community Oncology, Medical Records, Cancer Epidemiology, Cancer Research, Palliative Medicine, Dental Care, and Computerized Hospital Information System management. The information support for all these activities is provided by a well-organized Library & Information Services division.

SURGICAL ONCOLOGY

On a day about 150-200 patients are seen in the various surgical OPDs and there are 84 inpatient beds under the purview of the division. The division runs 6 major Operation Theatres and a minor Operation Theatre. On an average 25 major cases and 15 minor cases are operated on a day. All major surgeries for gynecological malignancies, cancers of the head and neck region, thorax, abdomen, breast, bone and sarcoma are performed by well experienced faculty of the division. The division maintains a state-of-the-art intensive care unit with all modern facilities and also runs an endoscopic suite that offers all endoscopic diagnostic and therapeutic services.

THE FELLOWSHIP PROGRAMME

The Fellowship Programmes in Gynae- Surgical Oncology (GSO) and Head & Neck Surgical Oncology (HNSO) was initiated with an intent to train individuals to provide state of the art multidisciplinary care for patients with cancer, develop leaders in the field of oncology, and provide a rigorous academic experience in which fellows can participate in clinical, translational and basic science research. Fellows

completing the programme will have finely honed skills in surgical diagnosis and treatment of head and neck and gynecological cancers.
