THIRUVANANTHAPURM-695 011

PROSPECTUS FOR ADMISSION TO

**Post-M.Sc. Diploma in Radiological Physics (DipR.P.) Course
2018-19**

INTRODUCTION

Regional Cancer Centre, Thiruvananthapuram (RCC), now in its 37th year of service to the nation is an autonomous institution sponsored jointly by the Govt. of Kerala and the Govt. of India. It is an internationally acclaimed centre for cancer treatment and research and caters to the population of the state of Kerala and adjoining parts of Tamil Nadu. Handling over two lakhs patients including over 15,000 new cancer cases annually (30 lakhs patient visits in the last 15 years) RCC stands tall in the health map of Kerala carrying out innovative and pioneering work in cancer control, treatment, research and training.

RCC is a comprehensive cancer centre with full-fledged departments of Radiation Oncology, Surgical Oncology, Medical Oncology and Paediatric Oncology supported by allied services such as Pathology, Imageology, Nuclear Medicine, Anaesthesiology, Microbiology, Transfusion Medicine, Radiation Physics, Laboratory services and Nursing services. The centre also has separate divisions for Community Oncology, Medical Records, Cancer Epidemiology, Cancer Research, Palliative Medicine, Dental Care and Computerized Hospital Information System management. The information support for all these activities is provided by a well-organized Library & Information Services Division.

RADIATION PHYSICS DIVISION

The Division has five Linear accelerators and a Cobalt-60 Teletherapy unit. On a day about 475 patients are treated in these machines. It has a High Dose Rate (HDR) Brachytherapy unit that treats about six patients daily. A wide bore 16 slice CT Simulator and a Flat panel Digital Simulator are available for treatment planning that is done using Eclipse, Oncentra and Precise plan Treatment Planning Systems. A well- equipped Mould Room facility is also functioning in the Division. Radiation Safety of the Institution is handled by the Division. Imageology Division has a 16 slice CT Scanner, 1.5T MRI Scanner, Digital Radiography Systems, Digital Mammography unit and Ultrasound scanner with colour Doppler.

Nuclear Medicine Division has a Dual Head Gamma Camera with SPECT facility which is being upgraded now and PET-CT Scanner. Weekly 5-6 patients are given Radio Iodine for the treatment of thyroid cancer.

Treatment planning, acceptance testing and quality assessment of radiotherapy and diagnostic radiology equipment are part of the activities of the Division, along with Radiation Safety in Radiotherapy, Imageology and Nuclear Medicine Divisions.

The Division is involved in teaching Radiotherapy and Imaging Physics to PG students in Radiotherapy and Imageology and Radiation Technology students. It is also affiliated to Kerala, M.G., Bharathiar, and MAHER Universities for Ph.D program in Physics/Medical Physics.

I. Applications are invited for admission to the Post-M.Sc. Diploma in Radiological Physics (Dip RP) Course for the academic year 2018-19 at the Regional Cancer Centre, Thiruvananthapuram.

This PG Diploma will enable the successful candidate to perform Medical Physics related tasks, a few of which are mentioned below:

1. Radiological safety of patients and staff.
2. Site Plan preparation and obtaining permission from AERB for setting up diagnostic radiology, radiotherapy and nuclear medicine installations.
3. Commissioning of radiotherapy installations
4. Periodic Quality Assurance of Radiotherapy and diagnostic radiology equipment
5. Treatment Planning in Radiotherapy.
6. Radiation Safety in Radio iodine therapy
7. Teaching Medical Radiation Physics to undergraduate, post graduate medical and paramedical students.
8. Undertaking research work related to use of radiation for diagnosis and therapy

II. Duration of the Course:

Two years (including one year mandatory internship in RCC in Radiodiagnosis, Radiotherapy and Nuclear Medicine).

The date of commencement of the course will be **01/10/2018** or as certified by the

Director, RCC. Students will be provided a stipend of **Rs.10,000/-**per month during the one year of internship.

Radiological Safety Officer (RSO) Approval by Atomic Energy Regulatory Board (AERB)

The Institution shall initiate steps to get RSO eligibility for all candidates. The examination for the same shall be conducted as directed by AERB or any other agency approved by AERB as per its regulations. Students qualifying this examination will be eligible for RSO.

Field Training and Project work:

Field training will be an integral part of the course. The candidates will be posted in Imageology, Nuclear Medicine, Radiation Physics and Radiation Oncology Divisions of the Institution during the course period under a faculty supervisor.

A field training report must be submitted to the supervisor at the end of every posting. Every candidate must do a project work also under an approved faculty supervisor in a topic having relevance to the application of radiation in medicine. The supervisor must certify to the adequacy of the field training and project work on the basis of the thesis reports submitted by the candidate. The students should necessarily present at least one seminar on the basis of the project work. The record of the field training must be duly certified by the designated faculty member.

The final result will be declared only after satisfactory completion of field training, project work and internship.

Students will be eligible to do internship only after passing all the theory papers, practicals and viva.

Award of the Certificate:

Post M.Sc Diploma in Radiological Physics (Dip RP) will be awarded to the successful candidates by the Kerala University of Health Sciences (KUHS) only after successful completion of the course as detailed above.
