THIRUVANANTHAPURM-695 011**

**PROSPECTUS FOR ADMISSION TO
SUPERSPECIALITY COURSES – 2018-19**

INTRODUCTION

The Regional Cancer Centre, Thiruvananthapuram (RCC TVM), now in its 37th year of service to the nation is an autonomous institution sponsored jointly by the Govt. of Kerala and the Govt. of India. It is an internationally acclaimed centre for cancer treatment and research and caters to the population of the state of Kerala and adjoining parts of Tamil Nadu. Handling over two lakhs patients including over 16,000 new cancer cases annually (30 lakhs patient visits in the last 15 years) RCC stands tall in the health map of Kerala carrying out innovative and pioneering work in cancer control, treatment, research and training.

RCC is a comprehensive cancer centre with full-fledged departments of Radiation Oncology, Surgical Oncology, Medical Oncology and Paediatric Oncology supported by allied services such as Pathology, Imageology, Nuclear Medicine, Anaesthesiology, Microbiology, Transfusion Medicine, Laboratory services and Nursing services. The centre also has separate divisions for Community Oncology, Medical Records, Cancer Epidemiology, Cancer Research, Palliative Medicine, Dental Care, and Computerized Hospital Information System management. The information support for all these activities is provided by a well-organized Library & Information Services division.

SURGICAL ONCOLOGY

On a day about 150-200 patients are seen in the various surgical OPDs and there are 84 inpatient beds under the purview of the division. The division runs 6 major Operation Theatres and a minor Operation Theatre. On an average 25 major cases and 15 minor cases are operated on a day. All major cancer surgeries of the head and neck region, thorax, abdomen, breast, bone and sarcoma and gynecological malignancies are performed by well experienced faculty of the

division. The division maintains a state-of-the-art intensive care unit with all modern facilities and also runs an endoscopic suite that offers all endoscopic diagnostic and therapeutic services.

MEDICAL ONCOLOGY

The Division of Medical Oncology provides state-of-the-art treatment for various malignancies. It is the only one of its kind in the state with trained faculty and international standard of care. Dose intense protocols and high dose chemotherapy are used when indicated. The division also runs a Bone Marrow Transplant unit which offers allogenic and autologous bone marrow transplantation at affordable costs to patients.

PEDIATRIC ONCOLOGY

The Pediatric Oncology division of RCC was the first exclusive Pediatric Oncology Care facility set up in India. From a modest beginning in 1983 the division has grown to a full-fledged facility delivering state-of-the-art care for children with all kinds of cancers upto 14 years of age. The division is supported by the Surgical Oncology and Radiation Oncology divisions of RCC and has close collaborations with the Pediatric Surgery department of the Government Medical College, Thiruvananthapuram as well. About 600 new cases and more than 20,000 review patients are seen in the OP clinic per year.
